MAGIC HOUSE

Open the age of intelligent smart space

About us

关于我们

www.fdmagichouse.com

Founded in September 2017, Chengdu FANGDA Yuancheng Environmental Protection Technology Co., Ltd is committed to providing overall solutions of systematized portable facilities, and now located in Dacheng Industrial Park, Qingbaijiang District in the north of Chengdu, the "Land of Abundance". While upholding our corporate mission, FANGDA remains committed to delivering high-standard, precision and zero-defect services. Over eight years of steady development, we have grown into a significant industrial figure with increasingly enhanced productivity and widened business scope. With three competitive core products, including eco-friendly intelligent lavatories and refuse chambers, ready-to-assemble houses and mobile booths, FANGDA has enjoyed prominent popularity and recognition among municipal authorities, public organizations, tourism and other industries. Starting as a budding enterprise in southwestern China, FANGDA has now expanded its presence nationwide. In the pursuit of worldwide heft, we orient every effort to cementing the vision of innovating eco-friendly, flexible and intelligent space as an international brand.
